

# The Next-Generation Protein Sequencing™ Platform of the Future

# End-to-End Proteomic Solution

Our easy-to-use, end-to-end solution includes everything you need to prepare, sequence and analyze proteins with seamless integration into your workflow. In just a few steps, Platinum® Pro delivers in-depth protein sequencing right to your fingertips.

Prepare proteins for  
single-molecule  
sequencing

Sequence proteins  
with single-amino  
acid resolution

Analyze protein  
sequencing data  
with ease

# Unleash the Power of Proteomics in Your Lab

Platinum® Pro, the Next-Generation Protein Sequencer™ from Quantum-Si, makes proteomic discoveries convenient and accessible, while delivering deeper insights at the amino acid level.

Platinum Pro offers a benchtop solution with a simple workflow, small footprint and single-molecule resolution to bring the power of protein sequencing to every lab, everywhere.

## Scalable

- Fits into your workflow
- Less than 3-hour hands-on time
- Easy to share data globally

## Accessible

- Benchtop
- Cost-effective
- No expertise required

## Insight-generating

- Single-molecule resolution
- Interrogate proteforms
- Direct protein detection

## PLATINUM PRO APPLICATIONS

### Protein Identification

Platinum Pro makes protein detection with confidence easy for any lab – no bioinformatics experience required.

### Protein Barcoding

Characterize multiple protein variants simultaneously by sequencing protein barcodes with Platinum Pro.

### Biomarker Identification

Explore the advantages of Platinum Pro for biomarker identification and advance your research with confidence.

### Protein Variants

Uncover dynamic changes in single amino acid residues with Next-Generation Protein Sequencing.

### Antibody Characterization

Harness the power of Next-Generation Protein Sequencing to gain deeper insights necessary for advancing research and development.

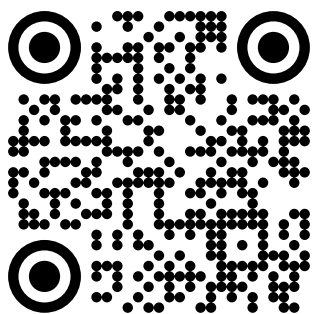

### Post-translational Modification Analysis

Conduct PTM analysis with unprecedented accuracy and ease using our benchtop protein sequencer and cloud-based software.

Product name	Part number
Platinum® Pro	900-10033-00
Premium Service Contract	700-00005-00
Advanced Training	700-00004-00
Sequencing Kit V3	910-00038-00
Library Preparation Kit V2	910-00012-02
Barcoding Kit	910-00047-01
Sequencing Control Peptide V3	910-00039-00
